

AtlantiCare Nursing

Shared Governance Model

14 Forces of Magnetism

Nursing at AtlantiCare Regional Medical Center is supported by a council structure that facilitates shared decision-making. Our model keeps the "Patient at the Center of Everything" (P.A.C.E. philosophy). The Forces of Magnetism serve as the foundation for our nursing practice and environment. Nursing Advisory Council (N.A.C.) serves as the hub of communication both from the Unit Based Forums and each supporting council.
