AtlantiCare to host third Red Dress Luncheon

The Heart Institute at AtlantiCare Regional Medical Center (ARMC) will hold its third Red Dress Luncheon Friday, February 19 at 11:30 a.m. at the Smithville Inn, Route 9, Historic Smithville. Men and women are invited to wear red, have lunch and learn about prevention, diagnosis and treatment of heart disease during a luncheon, lecture and fashion show. The event is one way AtlantiCare is promoting awareness about heart disease during American Heart Month.

Robin Stoloff, NBC 40 health reporter, will emcee. Howard Levite, MD, medical director, the Heart Institute at ARMC, will discuss what women and their loved ones need to know about the risk of heart disease, the number one killer of women.

Women ranging in age five through 94 will share their experience of living with heart disease and star in a fashion show featuring red attire. A portion of \$50 fee is tax deductible. Registration is required. To register, or for more information, call the AtlantiCare Access Center at 1-888-569-1000, or visit www.atlanticare.org.
