

Preparing for Radiation Therapy

In this one hour class, you will learn:

- What radiation therapy is and how it works
- How to manage the possible side effects
- The emotional impact of radiation therapy
- Resources and support programs are available
- Answers to your questions and concerns

AtlantiCare's Cancer Care Institute offers monthly, one hour classes to newly diagnosed cancer patients, their families and caregivers.

- Classes are facilitated by an oncology-certified nurse and social worker
- Opportunities to network with the staff and other attendees.
- Light refreshments will be provided.
- Educational materials are available.
- Free of charge.
- Open to all regardless of where they will be receiving their radiation.
- Classes are held in the AtlantiCare Regional Medical Center, Mainland Campus, located in Pomona, NJ.
