United	

\* A RMC takes many PFFS Medicare Advantage plans that do not require a contract such as some Humana and Anthem plans.

\*\* Also note that many carriers access networks, especially Workers' Compensation and No Fault plans as well as some PPO's. (e.g. Mail Handlers accesses the Qualcare network in NJ.

\*\* All HMO's require referrals for services at the campuses. If an HMO is secondary to Medicare it usually does not require a referral.
