or at any location listed in item #7, and provided a checklist of documentation needed to assess eligibility for charity care.

- a. This will be done by ARMC's Financial Counseling Services personnel.
- b. The patient will be screened for the Charity Care program which covers patients with a family income less than 300% of the federal poverty level and less than \$7,500 in assets for a single person or \$15,000 in assets for a family of 2 or more.
 - i. The Charity Care application process ensures we have all documentation required per the Charity Care section of the Hospital Service Manual N.J.A.C 10:52-11,12,13 which includes:
 1. Proper identification for patient and all family members;
 2. Proof of New Jersey Residence as of the date of service
 - a. Emergency Charity Care is an exception to the residency requirement: a patient who receives service in the emergency room and meets all other criteria, then that specific date(s) of service that started with the emergency room visit will be covered.
 3. Proof of income for at least one month prior to date of service;
 4. Proof of assets as of the date of service.
 - ii. When the patient presents all required documents, signatures will be obtained on all required forms and all documents copied.
 - iii. Upon completion and approval of the application, the patient will be given a Charity Care Approval Card or authorization to receive service.

- iv. All charity care applications will be scanned and retained for future reference which includes audits conducted by the state.
- v. It is the policy of ARMC to subsidize and not balance bill patients who qualify for Charity Care.
- vi. Patients determined to be eligible for Charity Care can be approved for a period of up to twelve months from the first date of service related to the application.
- vii. Patients will have two years from the initial service date to apply for Charity Care assistance.
- viii. Incomplete Charity Care applications are returned to the applicant with a written denial explaining the reason for denial and details of additional documentation needed to obtain approval.

10. **Discounted Charges** (*IRC Section 501 (r)*) – Discounted Charges are available to: (i) insured patients whose insurance does not pay for services at 100% of cost; and (ii) uninsured patients who are unable to satisfy the residency requirements of the Uninsured Discount; provided those patients:

- a. apply for this discount and provide a minimum of two pay stubs to verify their income is 400% of the federal poverty level or less to be eligible.
- b. The Discounted Charges program calculates the maximum amount a patient owes by multiplying the Amounts Generally Billed (“AGB”) Percentage times Gross Charges.
 - i. **AGB** means the amounts generally billed for emergency or other medically necessary care calculated using the “Look-Back method” as set forth in Treas. Reg. § 1.501(r)-5. Using this method, ARMC determines the AGB by multiplying the Gross Charges for any emergency or other medically necessary care it provides to an Financial Assistance Policy-eligible individual by a percentage of Gross Charges called an AGB Percentage. ARMC calculates the AGB Percentage annually based on all claims allowed by Medicare, Medicare Advantage and private health insurers over a 12-month period, divided by the sum of associated gross charges for those claims.

- ii. **Gross Charges** means ARMC's full, established price for medical care that ARMC consistently and uniformly charges patients before applying any contractual allowances, discounts, or deductions.

c. If the result of this calculation is:

- i. Less than the amount the patient owes, the patient will only be responsible for the amount of the discounted charges calculation
- ii. More than the amount the patient owes, the patient will be responsible for amount indicated by their insurance company.

d. A free copy of the Discounted Charge Calculation and AGB Percentage is available in the same manner as paper copies of this Policy and is also available on our website www.atlanticare.org/PLS.

11. **Uninsured Discount** (*NJ Public Law 2008, c.60*)– An Uninsured patient who is defined as a patient who has no insurance coverage for their medically necessary services and is not eligible for any State, Federal and local programs and qualifies for "a" or "b" below will qualify for an Uninsured Discount that will adjust their patient liability to no more than 115% of Medicare reimbursement.

- a. A New Jersey resident qualifies for both emergent and non-emergent services.
- b. A United States of America resident outside of New Jersey qualifies for emergent services only.

Patients will be screened by a hospital employee at the time of service for qualification for the Uninsured Discount.

12. If a patient qualifies for Financial Assistance under this Policy;

- a. The patient will not be charged more for emergency care or other medically necessary care than the AGB for such care; and
