ABOUT ATLANTICARE REGIONAL MEDICAL CENTER

AtlanticCare, a member of Geisinger Health System, is an integrated system of services designed to help people achieve optimal health. It does so by focusing on customer needs and expectations to provide accessible, comprehensive services of superior quality and value. AtlanticCare is comprised of AtlanticCare Regional Health Services, which includes AtlanticCare Regional Medical Center with three locations, ambulatory services and AtlanticCare Physician Group; the AtlanticCare Foundation; and AtlanticCare Health Solutions, an accountable care organization.

The region’s largest healthcare organization and largest non-casino employer, AtlanticCare serves more than 5,500 employees and 900 physicians and providers serving the community in more than 90 locations in 6 New Jersey counties. AtlanticCare is committed to building healthy communities through partnerships with local organizations that share its interest in health. AtlanticCare’s primary service offering of Healthcare Delivery, integrated with the complementary services of superior quality and value. AtlanticCare is comprised of AtlanticCare Regional Health Services, which includes AtlanticCare Regional Medical Center with three locations, ambulatory services and AtlanticCare Physician Group; the AtlanticCare Foundation; and AtlanticCare Health Solutions, an accountable care organization.

TARGET AUDIENCE

This program is designed for physicians, nurses, allied health professionals, pharmacists, rehabilitation therapists, social workers, case managers, radiology technologists and first responders. The goal is to improve the delivery of care in treating neurological and neurovascular conditions including stroke and stroke related conditions and diseases.

CONFERENCE OBJECTIVES

At the conclusion of this program participants should be able to:

• Explain the evidence that exists for tPA use.
• Identify both surgical and endovascular treatment options for carotid disease.

PROGRAM OVERVIEW

The Neurosciences Institute at AtlanticCare Regional Medical Center (ARMC) invites you to the Seventh Annual Regional Neurosciences Conference and State of the Art Stroke Summit. The conference will discuss advances and new technologies in comprehensive stroke, neurological and neurovascular care. Covering seven specialty areas within the field of neurosciences, this two day regional conference provides an elabo...
