AtlantiCare Regional Medical Center

AtlantiCare Regional Medical Center (ARMC) is part of AtlantiCare, the largest healthcare system in southern New Jersey, with nearly 70 locations. ARMC is a 567-bed not-for-profit hospital system founded in 1898 as a 10-bed facility in a converted home in Atlantic City. ARMC Atlantic City Campus is in Atlantic City; ARMC Mainland Campus is in Galloway, New Jersey. ARMC also has a Satellite Emergency Department in Hammonton, New Jersey. AtlantiCare's team includes more than 600 board-certified or board-eligible physicians, more than 5,000 healthcare professionals and hundreds of volunteers, all committed to providing quality healthcare. As a teaching institution, ARMC trains approximately 40 physician residents each year and provides 50 clerkships annually. ARMC is proud of its clinical affiliations with renowned healthcare organizations, including Thomas Jefferson University Hospital; Jefferson's pediatric affiliate, the Nemours/Alfred I. duPont Hospital for Children in Wilmington, Delaware; and the New York University Langone Medical Center (cardiac surgery and interventional cardiology). In addition, ARMC is proud to be a Fox Chase Cancer Center Partner.

Jefferson Neuroscience Network

The AtlantiCare Neurosciences Institute at AtlantiCare Regional Medical Center is a member of the Jefferson Neuroscience Network (JNN). Through this collaboration, Jefferson and ARMC provide some of the most sophisticated care and expertise available to patients with time-sensitive neurovascular diseases. ARMC Atlantic City Campus is a comprehensive stroke center, utilizing leading-edge clinical protocols for the detection and treatment of stroke and other neuroscience disorders, and has access to the latest clinical trials.

Taking You Well Into The Future

Program Overview

The Neurosciences Institute at AtlantiCare Regional Medical Center (ARMC) and Jefferson Neurosurgical Associates invites you to the first annual South Jersey Stroke Summit. The conference will discuss advances and new technologies in comprehensive stroke and neurological care. Improving patient outcomes for stroke requires a multifaceted approach across the continuum, from the pre-hospital setting up to and including rehabilitation. The summit is designed to improve the knowledge, competence and performance of healthcare providers engaged in the daily care of patients who suffer from stroke and stroke-related conditions and diseases, in order to prevent a gap in knowledge about existing information and technology.

Target Audience

This program is designed for physicians, nurses, allied health providers, pharmacists, rehabilitation therapists, social workers, case managers, radiology technologists and first responders to improve the delivery of care in treating stroke and stroke-related conditions and diseases.

Conference Objectives

At the conclusion of this conference, participants should be able to:

1. Identify comprehensive stroke center resources in southern New Jersey.
2. Identify best practices and new technology in stroke care in pre-hospital, acute care and post-acute care settings.
3. Discuss acute treatment options available for ischemic and hemorrhagic stroke at comprehensive stroke centers.
4. Discuss important issues and resources available to patients with acute neurological and neurosurgical emergencies.

Designation of Credit

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Medical Society of New Jersey through the joint sponsorship of AtlantiCare Regional Medical Center and Jefferson Neurosurgical Associates. The AtlantiCare Regional Medical Center is accredited by the Medical Society of New Jersey to provide continuing medical education for physicians.

The AtlantiCare Regional Medical Center designates this live activity for a maximum of 12.25 AMA PRA Category 1 Credits™.

Participants should only claim credit commensurate with the extent of their participation in the activity.

AtlantiCare Regional Medical Center Department of Nursing Practice and Education is an approved provider of continuing nursing education by the New Jersey State Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.

P64-11/09-12

12.25 Continuing Nursing Education hours will be provided.
