ABOUT ATLANTICARE REGIONAL MEDICAL CENTER

AtlantiCare, A member of Geisinger, is an integrated system of designed to help people achieve optimal health. It comprises AtlantiCare Regional Health Services, including AtlantiCare Regional Medical Center with three locations, ambulatory services and AtlantiCare Physician Group; the AtlantiCare Foundation; and AtlantiCare Health Solutions, an accountable care organization.

The region's largest healthcare organization and largest non-casino employer, AtlantiCare's focus is to serve the community as a provider of health and wellness services. AtlantiCare's more than 5,900 employees and 900 physicians and providers serve the community in more than 100 locations throughout five counties in New Jersey. AtlantiCare and its business units comprise more than 100 locations throughout five counties in New Jersey. AtlantiCare and its business units are governed by boards of volunteer community leaders. AtlantiCare's focus is to serve the community as a provider of health and wellness services.

TARGET AUDIENCE

Healthcare professionals who work with or have an interest in the care of a person with diabetes.

This includes:
- Medical Providers
- Nurses
- Pharmacists
- Dietitians
- Certified Diabetes Educators (CDE)

PROGRAM OVERVIEW

AtlantiCare TEAM Diabetes and their Geisinger partners are collaborating to offer the first diabetes conference in the region to increase awareness and demand for health professionals trained in the complexities of diabetes management and effective treatment strategies.

Topics covered in this two-day conference include the emerging role of team-based care, nutrition, surgical options, complication management, and the most recent technology and pharmacology updates.

STUDENT OVERVIEW

Healthcare professionals who work with or have an interest in the care of a person with diabetes.

This includes:
- Medical Providers
- Nurses
- Pharmacists
- Dietitians
- Certified Diabetes Educators (CDE)

CONFERENCE OBJECTIVES

At the conclusion of this conference, the participant will be able to:
- Identify and the American Association of Clinical Endocrinologists (AACE) and American Diabetes Association (ADA) guidelines for medicinal management of type 2 diabetes.
- Describe innovative strategies to incorporate healthy eating into the diabetes treatment plan.
- Identify surgical treatment options for patients with diabetes.
- Describe new and emerging technologies and how they can be used to improve diabetes care.
- Describe therapeutic treatment plans that help patients meet their goals.
- Describe common foot complications associated with diabetes and treatment strategies.
- Recognize the association between diabetes and heart disease and identify treatments.
- Recognize the importance of team-based care in treating diabetes and supporting diabetes self-management.

All attending healthcare providers will receive eight continuing education credits for attending the full conference. Survey is required for credit receipt.

STATEMENT OF NEED

According to the Centers for Disease Control and Prevention, New Jersey has more than 620,000 people, or 11.3% of the adult population, with diabetes. More than 2,461,000 people, or 77.1% of the total population, have prediabetes. More than 17,000 people diagnosed with diabetes each year.

If the prevalence of type 2 diabetes continues to increase, approximately one in three individuals born in the United States in 2006 will develop type 2 diabetes in their lifetime.

A team approach to diabetes care can effectively help people reduce the risk of complications that can arise from uncontrolled blood sugar. The challenge is broadening the diabetes care by regarding the healthcare team and leveraging technology to meet the demands of a growing patient population.

DIAGNOSIS OF CREDIT

CONFERENCE EXHIBITORS/SUPPORTERS

Educational and registration fees for participants are kept to a minimum through the generous support of exhibitors and supporters. Exhibits include state-of-the-art equipment, products and professional services. Exhibitors’ and supporters’ ongoing commitment to the summit makes it possible for ARMC to offer this quality educational experience for a nominal fee.

The AtlantiCare Regional Medical Center Annual Stroke Summit is grateful for the continued support of exhibitors and supporters. During breaks, please visit exhibitors to meet their representatives and learn about their products and services. Exhibits will be available during the entire conference in the GRAND BALLROOM A. Designated times will be set during the conference for networking.

Schedule and speakers are subject to change.
